* *Exact* (*Enter: 12/29/11 Exact: 12/30/11 Leave: 12/31/11*)

This is the start of a new annual cycle. Sometime during these few days - not always on your exact birthday - Earth's orbit causes the Sun to appear once more in the exact spot in space it occupied when you were born. In astrology, this is the solar return: a time to reflect on your path and purpose in life, to appreciate who and what you are; a time to remember that whatever our shortcomings, each of us is composed of elements forged in the hearts of stars long ago, that live in us today. Recognizing therefore that you are eternal and cosmic, now is a time to honor and take care of yourself. Vital strength tends to be at its annual low ebb around this time, all else being equal. The body needs renewal at the solar return, so the spirit can go forward. So do that maintenance, take care of the temple that houses the real treasure.
